The Honorable Joseph R. Biden, Jr.  
The White House  
1600 Pennsylvania Avenue, NW  
Washington, D.C. 20500

Dear President Biden:

As members of the small business community who have weathered years of economic uncertainty, we write to you today with a sense of urgency and concern regarding the recently issued National Labor Relations Board (NLRB) Joint Employer Rule. Due to the harm in store for hundreds of thousands of local businesses from the rule, we urge you to sign the bipartisan House Joint Resolution (H.J. Res.) 98 into law to overturn this rule.

You have long recognized the vital role of small businesses, recently noting that, “every time someone starts a new small business, it’s an act of hope and confidence in our economy.”<sup>1</sup>

While we appreciate your support, the current economic climate has made it increasingly difficult for small businesses. The challenges we face, from supply chain disruptions to labor shortages, have left us struggling to succeed in our communities. The rule exacerbates an already difficult operating environment for franchise businesses and potentially poses an existential threat to the franchise business model.

By imposing unrealistic and ambiguous standards for determining joint employer status, the rule creates an atmosphere of uncertainty and unlimited liability and litigation risk for employers that will deter potential investors, lenders, and franchisees from considering franchising at all. Further, we anticipate that because of the rule’s ambiguity, franchisors will assume more responsibility over the day-to-day operations of franchisees – diminishing their independence and the appeal of owning their own business as a franchisee.

The last time the joint employer standard was unnecessarily expanded in 2015, it cost franchise businesses billions per year, resulted in 376,000 franchise job opportunities that were never created, and led to twice as many lawsuits against franchises.<sup>2</sup> The NLRB’s joint employer rule goes much further than the 2015 changes, and we anticipate more dramatic costs, litigation exposure, and diminished job creation.

We are also deeply concerned that the rule’s negative impact on franchising will disproportionately impact women and minority-owned businesses across the country. In a 2021 survey, nearly one-third (32%) of franchisee respondents said they would not own a business without the franchise business format. Around 26% of franchises are owned by people of color, compared with 17% of independent businesses generally. Franchising leads to greater wealth creation in minority communities; on average, Black-owned franchises earn 2.2 times more than Black-owned independent businesses; Hispanic-owned franchises earn 1.6 times more than Hispanic-owned independent businesses; and Asian-owned franchises earn 1.4 times more than Asian-owned independent businesses.<sup>3</sup>

Mr. President, we implore you to use your influence and authority to send the recently promulgated NLRB joint employer rule back to the drawing board by signing H.J. Res. 98 into law. We know the rule will cost small businesses gravely, and you can return the hope and confidence they need by affirming this legislation.

Thank you for your commitment to local businesses, and for considering our plea. We urge you to sign H.J. Res. 98 to stop the joint employer rule. We look forward to working together on your Administration’s strategy to support entrepreneurs, help small businesses access the resources they need to thrive, and promote competition to level the playing field.

Sincerely,
